

Key Stage 4 Way to Work Programme 2020-21

Are you currently supporting a Year 10 or 11 young person who would like to gain experience and develop skills in Construction, Child Care or Mechanics? Cognus in conjunction with Carshalton College and Jace Training are proud to announce the launch of Way to Work, a 10 week programme enabling young people to develop vocational knowledge, gain certification and acquire practical experience which will prepare them for college and employment.

Construction at Carshalton College

The course will run over 10 weeks and give participants an insight to some of the trades and skills within the construction industry.

During the programme, areas covered could include;

- Health and safety in construction trades
- Preparing to carry out carpentry and joinery
- Carpentry and joinery skills
- Clean and store carpentry and joinery tools and equipment
- Preparing to carry out bricklaying
- Brick laying skills
- Clear and store bricklaying tools and equipment
- Structure of the construction industry
- Fundamental safe working practices
- Environmental and sustainability measure in domestic dwellings
- Site preparation for working in the construction industry
- Electrical installation wiring and terminations
- Fabrication techniques for electrical installation
- Electrical science and technology

Progression Routes:

Students completing this programme will gain a College certificate. Good progress and attendance would provide a sound base for future enrolment at the College.

Dates

Programme A: week commencing Monday 9th November 2020 to Monday 1st February 2021

Programme B: week commencing Monday 22nd February to Monday 24th May 2021

Childcare with JACE Training Ltd

The course will run over 10 weeks and give participants an insight to some of the trades and skills within the childcare industry.

During the programme areas covered will include;

- • Caring for young children in a babysitting environment
- • Understand responsibilities for babysitting
- • Know age appropriate toys and activities for young children
- • Know how to prepare a young child for sleep
- • Understand the benefits of craft activities for young children
- • Understand health and safety when providing craft activities for young children
- • Practical workshop of art techniques and sensory play
- • Accident prevention and fire safety when babysitting
- • Know how to assess risks in a babysitting environment
- • Understand the role of control measures in fire safety and accident prevention
- • Possible visit to nursery
- • Looking at physical, intellectual, emotional and social development

- Some work to support maths and English Functional Skills

Progression Routes:

Participants will find out what it is like to care for children and to progress to a career in the childcare industry. This could be at Level 1 or 2 or as an Apprentice working in a children's nursery or a playworker working in a childrens' breakfast or after-school holiday club.

Start dates
